Monthly Newsletter Highlighting ACPA-Sponsored Events

Letter from the Vice Chair

Our Ambassadors Program had a great January and we hope you all did, as well! This month, we continued on with our wonderful Winter Cohort, engaging in the ACPA/NASPA Core Competencies and doing some work and reflection on professional growth opportunities.

Falling in line with this month's program objectives, we held our first Involvement Panel! Representatives from the following entity groups made our first event a success and we thank them for their time and dedication to our new professionals: Asian Pacific American Network, Pan African Network, Coalition for (Dis)Ability, Coalition on Men and Masculinities, Commission for Academic Affairs, Commission for Global Dimensions of Student Development, Commission for Social Justice Education, and Commission for Student Involvement. Attendees enjoyed hearing an overview of each entity group as well as connecting further in breakout rooms. We look forward to next year's event!

As always, I hope you remain safe and healthy.

- Julie

CURRICULUM HIGHLIGHT

Instagram Takeover

A fan favorite, our Instagram Takeovers have been a wonderful new addition to our Ambassador curriculum this past year. Ambassadors share a day in their life of work and/or class, why they chose ACPA as their professional home, and we get to see fur-children from time to time!
